"I've been a door to door salesman for RP&G since 2017. I enjoy the flexible schedule and

be your own boss" type of arrangement. After each sales week, I get a list of all the customers I've gotten to switch that week along with a monthly residual on each customer I've sold over the years. They've been great to work with and it's been a lasting partnership that I hope to continue for as long as possible."
